Education

SRM Institute of Science and Technology   Chennai, TN
Computer Science and Engineering w/s Blockchain Technology. CGPA:9.56   May,2027

Satish Pradhan Dnyanasadhana College   Thane, MH
HSC. Percentage: 73.8%   March, 2022

Bosco English High School   Thane, MH
SSC. Percentage: 87.8%   March, 2020

Experience

dBug Labs Club   Chennai, TN
Web Development Lead   Nov, 2024 – Current

Led the development of full-stack web applications, optimizing front-end and back-end performance, reducing load times by 30%. Designed and implemented user-friendly interfaces. Mentored 10+ junior developers, providing guidance on modern web technologies and best coding practices. Spearheaded the adoption of responsive design principles, ensuring 100% cross-device compatibility. Conducted 5+ workshops on web development frameworks, fostering technical growth among peers.

Quboid   Remote
Marketing Intern   August – October, 2024

Executed growth strategies for Web3 projects, driving a rapid increase in Twitter reach and engagement. Researched and analyzed market trends to optimize outreach campaigns.

Leadership & Activities

Blockchain Club & TPH   Chennai, TN
Active Member   Oct, 2024 – Current

Conducting research on 10+ emerging blockchain networks and consensus protocols, analyzing scalability and security trade-offs. Studying 3+ DeFi ecosystems, evaluating yield farming, staking, and liquidity provision strategies. Actively participating in 10+ airdrop hunts, researching tokenomics, and identifying potential high-value projects. Engaging in 4+ testnets and early-stage blockchain projects, gaining firsthand experience with new technologies.

Crypto Trader

Executing spot and futures trades across multiple exchanges, optimizing risk-reward ratios. Analyzing on-chain metrics and market trends to identify profitable trading opportunities. Researching tokenomics, governance models, and liquidity pools, ensuring informed investment decisions. Participating in airdrops, staking, and yield farming, maximizing returns through strategic allocation.

Hackathon Experience:

- **2nd Runner-up – Genesis Hackathon** *(Feb, 2023)* – Built **MedVault**, a **Blockchain Medical Record System** for secure and tamper-proof patient data management, competing among **50+ teams**.
- Focused on **rapid prototyping, smart contract development, and pitching technical solutions under pressure**.

Skills & Interests

Technical: C++, Python, JavaScript, Solidity, React.js, Node.js, MySQL, Git
Language: English (Professional Proficiency), Hindi (Native), Marathi (Limited)
Interests: Blockchain research, trading, airdrops, 3D websites.
